SHEFFLER UPDATE - MAY 2020

Dear friends and supporters,

Thank you for your faithful support during this pandemic. We are able to pay salaries and other necessary expenses during these troubling times. Thanks to the internet, some work is able to continue.

NIGERIA

The Calabar Church continues to worship in small groups using written messages, Bible study lessons and prayer bulletins. Other congregations are able to benefit from these materials through social media. The preacher at Ekori used one of the messages titled “Obey God” which resulted in twelve baptisms. God is still saving souls in the midst of these difficult times.

The building for the new congregation at Ekpenti has been completed due to the cooperative efforts of the Assiga New Town Church and Faith Way Global Outreach. The new building was officially inaugurated on May 17. You may remember that the establishment of this new congregation was almost stopped last year because of tribal conflict which did serious damage to the village. The village was rebuilt and the congregation continued to grow thanks to your help and the faithfulness of the Assiga New Town Church.

PRAISE AND PRAYER REQUESTS:

1. Thank God for the internet which enables us to continue doing the Lord's work.
2. Thank God for those who risk their lives to keep us healthy.
3. Thank God for those who continue to send their donations to keep the Lord's work going during this difficult time.
4. Ask God to guide our political leaders to make wise decision during this pandemic.
5. Ask God to enable the economy of nations around the world to recover from this pandemic.
6. Ask God for spiritual wisdom for our Christian leaders during these challenging times.
7. Ask God to bless those who are struggling both economically and spiritually because of this pandemic.
