NIGERIA

The three-day 2020 Annual National Conference was held in five zones instead of at one location because of Covid-19 concerns. The theme was *Restoration Time*. The theme was carried out via five lessons printed in the program book. Those who attended were divided into small groups for the lessons. Each lesson was followed

by open discussion with a question and answer session. All five zones were blessed with high attendance. There were “a lot of testimonies and thanksgiving during and after the conference of blessings God wrought on His people.”

Nigeria is going through a lot of pain and distress at this time because of concerns over police brutality and radical Islamic terrorism. One camp for refugees from the terrorism in northern Nigeria is located in the northern part of Cross River State. The refugees need help with food and medical services.

GHANA

We finally received a settlement from the Insurance Company on the 2017 Nissan 4x4 crewcab pickup that was total in an accident in September. The pickup is necessary for supervising TEE classes in northern Ghana, Togo and Burkina Faso and our church planters in Ghana. The loss of this vehicle has affected the growth of this work. It will take an additional \$7,640 to go with the insurance settlement in order to purchase a new pickup for the supervision of this important work.

GRASSROOTS LEADERSHIP DEVELOPMENT
